

**Group Meets Every
Tuesday Evening from
6PM-7PM EST**

Broward Healthy Start Coalition has a free, private online parent group for pregnant women and parents of infants 0-3 years old living in Broward County.

We host weekly live group sessions to provide connections with other parents, have meaningful conversations, link families with local information and resources, and offer prenatal and parent education that nurtures the spirit of family and promotes health and well-being.

We encourage you to join our group and share your experiences, challenges, fears, and successes as a parent and ask questions in a safe, supportive environment.

All sessions are facilitated by our trained Parent Educator. Please be aware that because these meetings will be conducted in an online community forum, we cannot guarantee the information discussed in group sessions will be kept confidential by all members.
